Workplace Security

Ensuring the appropriate security is in place is a vitally important part of maintaining a workplace. Whether a threat arises from casual misconduct or serious criminal activity, it's something that can cost the company money, diminish morale and even affect the operation of the business. This module will examine the threats that today's businesses must prepare for, address how those threats can affect the company and the people who work there, and detail the various security measures that can protect you from those threats.
