

Workplace Wellbeing

Creativity

Creativity is important in the workplace as it can benefit both the organisation and employees by enabling businesses to be flexible and branch out in different directions. This module explores the importance of creativity in the workplace and how you can make it one of your top skills, as well as support and encourage its development in others.

In this Module

Videoscribe explainer video, with professional audio (duration: 03:31)

English Subtitles

11 Expanded learning content blocks in the module format

'Check my understanding'
5 Question knowledge check

Top Tips

1. There are no rules to creativity because there are no bad ideas.
2. Write your ideas down, even if they can't help you with your current project, they could be useful down the road.
3. Creativity is difficult and can cause people to feel tired and worn out, so remember to take a break.
